

First of all, I am so honored that you have come forward to take part in this wonderful project, and I am deeply honored that I have been able to facilitate bringing these healing symbols of the Divine Feminine to Mother Earth and all who inhabit her. These symbols are not just for her healing, but for *ours* as well.

Several things to note:

The Dedication and the Invocations of each of the symbols are in the Universal Language of Light – in the closest pronunciation possible to this. Use your own Guidance in creating an opening prayer, in drawing the symbols and in pronouncing the Language of Light invocations. There is no right or wrong way. Work from left to right and top to bottom. The symbols need to be drawn onto/into the Earth Mother with either hand/palm, either into the soil or onto a rock or a tree, etc. Once drawn, press the symbol into the Earth. For water, they can be drawn with the hand in the air and then projected with your intention/will.

First ask permission of the space and the Devas and Elementals to offer the ceremony, and enlist their assistance and energy. All in whatever guides you desire to be present. Make an offering to the Earth Mother and the Devas, etc. I offer sacred sage and corn, feathers, some small seed crystals and a prayer tie filled with tobacco.

Begin the ceremony with the invocation, prayer of opening, and dedication of the Eleven Symbols. Then proceed as follows: Say the name of the symbol, both in the Universal Language of Light and in English as noted on the drawing of the symbol. Draw the symbol into the Earth Mother. However you are called to draw it is fine; there is no right or wrong way. Repeat the symbol name in the Universal Language of Light three times. Then read the anchoring prayer for the symbol. All present may tone the “om” if desired, and all individuals taking part in the ceremony may also take turns drawing the symbols and/or reading the anchoring prayers for each symbol. I find this works best in a sacred circle.

Feel free to use the symbols freely for whatever project of Light you are called to do so.

Feel free to incorporate this ceremony into any other ceremony that you perform or gathering. This ceremony has been included in weddings, memorial services and family gatherings!

I'd love to hear your experiences with the Ceremonies and you can email them to me at creativdivinestudios@gmail.com

Much Love and BLISSings,

Myrrh

We now anchor and strengthen these frequencies of the Divine Feminine within the Earth Mother and within all cells and atoms of our own bodies. We now conjoin with these Glyphs through which the Activation of the Magdalene Grail Codes now take place within all DNA strands within our physical body, within our Pineal Gland, streaming LIGHT in between the electrons of our bodies, dissolving all frequencies unaligned with our Divinity. This Activation takes place NOW. Through our intention, we integrate these frequencies of the Divine Feminine and join them with the Divine Masculine energies residing within the Earth Mother,

and within all cells and atoms of our bodies, becoming the new synergistic human BE-ING, re-joined and re-activated into the lineage of the Magdalene and the lineage of the Codes of the Christo Light, becoming ourselves Activators in others through our very BE-ing. And so it IS!

Closing Prayer

Divine Mother/Father God of All Creation, Mother Earth, Father Sky, we ask that you accept our offering, the offering of our minds, hearts, and spirits, to bring Peace, Activation, and Blessings to all who come to this Sacred Space. We ask that our offering be sent to all corners of the Earth and all Universes, in this dimension and in all other dimensions, for Peace, Healing and Blessings to all.

We now release all Guardians, Devas, Animal Spirits, Master Guides, Teachers and Angels, Grandmothers and Grandfathers, that have assisted us with this healing and activation back to their own planes, levels, and dimension of Spirit. Divine Mother, Father God, we ask your blessings upon us. We are grateful to Mary Magdalena, Sanat Kumara, and Lord Sananda for their Activations within us. We ask that you that you continue to bring us absolute clarity in a way that we know and understand. So it has been spoken, and so it has been accepted, so it shall be done and so it is. Kadoish, Kadoish, Kadoish, Adonai Tsebayoth (repeat 3x)
